

Potent CEO, Check Yourself Chapter 5 To 6

Chapter 5

She felt a headache coming on as she rubbed her eyes. She woke up quietly, but everything that she saw confused her. Gradually, her consciousness returned to her blank mind.

No, why was everything so unfamiliar?

She remembered, last night...

He sat up quickly, and the quilt that was covering him slipped off. "Ah ..." Ah ... "Ahh!" This was the result of a hangover, but it was not serious. What was serious was that she woke up naked in a strange room, on a strange bed. Also, there was a pool of dried up blood on the bed after she removed the blanket.

The blood stains made her think of many things. She seemed to be ... Is Missing... I lost my body.

One day, when he thought of this, he felt a rush of blood in his head. "Ah ..." Ah ... "Ah ..." Zhong Wanqiu couldn't help but scream, but no one in the room responded.

It was a well-soundproofed hotel. This sort of room could be used to perform a movie without fear of alarming the people in the next room with this loud noise.

Only after shouting several times did he realize that she had been forgotten by the world. No one paid any attention to her. The room was still silent, causing her voice to sound even louder.

It was none other than him.

He actually ate her first time, her first time, and what made her even more frustrated was that she didn't have a single memory of what she had done, and didn't even know what she had done.

She was depressed, extremely depressed. She was depressed to the point that she wanted to kill someone.

This won't do, she wanted to find Leng Mujing. She couldn't just accept this loss for nothing, she didn't want to ...

Wait a minute, everything from last night began to float into his mind, as if she had begged him to take her away, or if she had begged him to drink.

She doesn't remember anything.

Sigh, this matter can't be blamed on Leng Muxian. She was also at fault, but ...

But she wasn't willing to accept it. This was her first time. Thinking about it, she was still venting her anger.

Her clothes were still there, neatly folded beside the pillow. Zhong Xiuqiu put them on angrily. She was determined to find him.

Fortunately, she remembered his name, and his flashy black BMW.

Walking out of the hotel, the sky was still blue, and the crowd was still surging. T City was always so bustling, as if nothing had changed, but in reality, everything had changed.

She was lost.

With this thought in his mind, the listless and listless Zhong Wanqiu was no longer alive.

She should be going to school by now. She would graduate in two months, but she really didn't want to go to school. She didn't want to go at all.

She didn't want to see Xia Jingxuan. She didn't want to see him for the rest of her life.

Ye Zichen kicked a rock and walked aimlessly. At that moment, his phone rang.

She was frustrated. She really didn't want to answer it. She was afraid to meet anyone she knew well. She had lost her virginity. She was no longer a girl.

She seemed to be a woman now.

However, her cellphone continued to ring stubbornly in her bag with a frown on her face. She had clearly turned off her phone yesterday, so it must have been Leng Muxun. He really annoyed her. He was a big bad guy.

He took out his cell phone in frustration. It was an unfamiliar cell phone number and it must be Leng Muxun. He pressed the answer button without thinking, "Leng Muxun, you took my first time, so you have to take responsibility for me."

Regardless of whether she pursued him or not, he had to at least say something to her. Yet, this vile and evil man had disappeared without a word.

Silence, there was a moment of silence. That tranquility caused her heart to beat wildly. Following which, a low and familiar male voice could be heard, "Late Autumn, it's me."

Guess who? Hehe!

Chapter 6

Silence, there was a moment of silence. That tranquility caused her heart to beat wildly. Following which, a low and familiar male voice could be heard, "Late Autumn, it's me."

"Xia Jingxuan, go to hell." Why did she answer his call? Also, this guy had despicably switched to an unfamiliar cell phone number to call her, causing her to misunderstand.

She quickly pressed the button to end her call with Xia Jingxuan, but her heart was beating so quickly.

Leng Muxian, he had caused her death. She actually told him on her ex-boyfriend's phone that she had been eaten.

Heavens, this matter would most likely spread to the entire world in less than ten minutes.

God, she really couldn't go to school anymore.

Two months, two months, what was she going to do with these two months?

Letting her go to school would be killing her.

However, if he went, his credits would be deducted.

She wanted to cry but no tears came out of her eyes as she imagined Old Ben tossing the notice with her blemishes onto her body, and then she started to breathe again.

Hmph, this was all because of Leng Muxun. He caused her to be completely confused, caused her to say the wrong things, and caused her to ...

No, she had to find him.

It was only at the thought of finding him that she realized she had spent the night with him, but she knew only his name and the car he owned.

But that was enough, wasn't it?

There are only a handful of men in T City who can own BMW.

With a quick thought, Zhong Xianqiu called the vehicle control office.

"Miss, do you need any help?"

"I want to sue a car. It ran into someone and ran away."

"Miss, this kind of question should be reported to the traffic police, we ..."

"Sigh, I have no choice. He's rich. BMW, what's the use of me telling him. I just want to know whose car is that arrogant. In the future, we can just follow him around."

"BMW?"

“What color car?” the staff asked casually.

“Black.”

That’s Leng Muxian, the president of the Leng family. He seems to have recently gotten a new black BMW sports car on the license plate, but...” “Ahh!” The woman let out a low cry, as if she had just realized that her words had slipped through her mouth.

“Thank you, I understand. I will be more careful in the future.” It seemed like Leng Muxun was quite a famous person, otherwise, that woman would not have thought of him so quickly. Hehe, she knew that he was the CEO of the Leng Clan, Leng Muxian. She had heard that because of the impending graduation ceremony, many of her classmates were looking for a job.

She wanted to go to Leng Muxian, she wanted him to give a completely reasonable explanation of her loss.

Thinking of his charming appearance, her heart couldn’t help but skip a beat. It had only been a single night, yet his cold and gentle appearance had already been deeply engraved in her heart.

Zhong Xiuqiu angrily slapped the taxi back to the Leng Clan. As expected, no one dared to disobey his order, not to mention the taxi driver.

As the car sped on, thinking of the impending encounter with Leng Muxian, Zhong Wanqiu couldn’t help but plan out the lines he wanted to say in his mind.

However, she really didn’t know how to deal with the matter of losing herself. If he wanted money, he would have sold himself. She wasn’t willing to accept his apology, but she felt that she had taken advantage of him once again.

Just as he was lost in thought, the taxi stopped abruptly, “Miss, we’re here.”
